ODP-0-035
10 January 1980

MEMORANDUM FOR: Deputy Director for Administration

FROM: Bruce F. Johnson
Director of Data Processing

SUBJECT: ODP Report for Week Ending
10 January 1980

Support to the DCI (U)

MISC - Statistical Survey Support. Various agencies of the Government involved with security clearances reported results of their security investigations during a period of several months. ODP support was provided in analyzing the data to evaluate the usefulness of various investigative sources and to determine the period of coverage necessary for a valid investigation. The data was displayed using the canned statistical package SAS and the graphics package DISSPLA. The interagency committee will use this output in producing their final report. Approximately 575 man-hours were expended in this effort. [REDACTED] (AIUO)

STATINTL

Support to OC (U)

WORDP - Word Processing Monitoring Function. The National Archives and Records Service (NARS) began their word processing study of OC this week. Projected study time is 4-6 weeks. [REDACTED] (U)

STATINTL

Support to OP (U)

CAPER/OP - Applicant processing. The CAPER system has been accepting live data for a month now. Minor problems have been encountered with menu operations. All problems identified to date have been fixed. [REDACTED]

STATINTL
(U)

PERSIGN - Integrated Personnel Management Information System. Acceptance testing of PERSIGN II is continuing at the predicted rate. The Office of Personnel Policy, Planning, and Management has successfully resolved system differences through Pay Period 26, and the Office of Finance is presently reviewing system differences noted on Pay Period 25.
